ABOUT TESTOBITE™

Welcome to Testobite™, an Indian snack brand from Mahek Foods, Maharashtra, created around a simple idea: everyday snacking should be delicious, convenient, enjoyable and trustworthy.

From the familiar crunch of Yellow Chana to flavourful Black Pepper Chana, Roasted Peanuts, Salted Peanuts, Garlic Mixture, Vatana and Chana Jor, Testobite brings together popular Indian snack choices for different tastes, moods and occasions.

“Our brand philosophy is captured in two simple words: Ek Vishwas.”

For us, trust begins with clear product information, responsible packaging, identifiable manufacturing details and flavours that feel familiar to Indian consumers.

Made for the Indian Snacking Lifestyle

Made for the Indian Lifestyle

India has a rich culture of snacking—from chai-time conversations and family gatherings to office breaks, travel and casual get-togethers. Testobite is designed to fit naturally into these everyday moments.

Quality Through Transparency

At Testobite, quality is not only about taste. It is also about giving consumers useful information. Our Yellow Chana packaging declares approximately 20.4 g of protein per 100 g, along with other nutritional values. We present these figures as declared product information rather than making exaggerated health promises.

OUR SNACK PORTFOLIO

Testobite is growing around a broader Indian snack portfolio, offering convenient packs for different needs (200g, 500g, 1kg, and 5kg sizes available).
